

LITCHIDERM® LS 9704

Product Description

Extract of lychee pericarp

Consumer Benefits

Free radical scavenging / Anti-oxidant

Moisturization

Anti-oxidant for hair

Properties

Free radical scavenger and MMP inhibitor. Enhancement of skin complexion. Anti-free radical activity on hair.

In Vivo

Free radical scavenging

Improvement of skin radiance

Ex Vivo

Moisturization

In Vitro / In Tubo

MMP-1 inhibition

Free radical scavenging

Clinical Study Results

Age of Volunteers: Volunteer panel >40

Results Time Scale: 8 weeks, Immediate, 4 weeks, 24 hrs

Tested Skin Area: Face

Target Molecules in the Skin

Dermal extracellular matrix (ECM) components

Dermis components

Epidermis components

Collagen

Nature of Active

Active Substance / Technology: Plant Extract, Polyphenols

Compliance: Listed in IECIC

Geography: Asia

Origin: Super food, Edible raw material basis, Traditional Medicine, Fruits

Preservatives

None

Solubility

Water-soluble

Recommended dose of use

0.1-5%

INCI

Butylene Glycol (and) Litchi Chinensis Pericarp Extract

Form of Delivery

Liquid
