

MELHYDRAN® LS 9876

Actives

## MELHYDRAN® LS 9876

### Product Description

Extract of natural French honey

### Consumer Benefits

Moisturization

### Properties

Contains several components that also occur in the NMF. Long lasting moisturization of skin and hair.

#### In Vivo

Smoothing of skin relief

#### Ex Vivo

Moisturization

### Clinical Study Results

Results Time Scale: Immediate, 24 hrs

### Target Molecules in the Skin

Horny layer components

### Nature of Active

Active Substance / Technology: Amino acids, Natural Moisturizing Factor (NMF) components

Compliance: Listed in IECIC

Geography: Europe

Origin: Edible raw material basis

Special Formulation Features: Cation compatible

### Preservatives

None

### Solubility

Water-soluble
