Actives

## SLIM-EXCESS® A00073

### The face and body designer

Whether due to hormonal imbalances or lifestyle, excess fat stored in the face and body is detrimental to the harmonious proportions associated with beauty. Fat deposits in the face, for example, tend to sag with age and form a double chin, jowls and bags under the eyes. This leads to a slackness in the ovale of the face. Slim-Excess® counteracts this process, activating lipolysis and inhibiting lipogenesis. The nature-based active, derived from red algae, effectively refine facial contours and reshapes the body. It is the first cross-over active that is ideal for face and body products with substantiated re-shaping efficacy that will support anti-ageing as well as slimming claims.

#### Product Description

---

Red Seaweed hydrolysate

#### Consumer Benefits

---

Cellulite improvement

Firming

Lifting

Face Contours

#### Properties

---

Blocking spermine and spermidine, two polyamines playing a key role in lipogenesis and fat storage. Tightens face and body contours and improves cheek sagging. Can help to reduce the appearance of double chin.

SLIM-EXCESS® A00073

Actives

## In Vivo

Anti cellulite effect

Face "V-shaping"

Face contour improvement

Reduction of skin and chin sagging

Thigh thinning

## In Vitro / In Tubo

Inhibition of lipogenesis

Inhibition of pre-adipocyte multiplication

Stimulation of lipolysis

## Clinical Study Results

Age of Volunteers: Volunteer panel >18, Volunteer panel >45

Results Time Scale: 8 weeks, 4 weeks, 12 weeks

Tested Skin Area: Face, Legs

## Target Molecules in the Skin

Hypodermis components

## Nature of Active

Active Substance / Technology: Plant Extract

Compliance: Listed in IECIC

Origin: Algae, Marine origin

Special Formulation Features: Colorless

## Preservatives

None

## Solubility

Water-soluble

## Recommended dose of use

0.2-3%

SLIM-EXCESS® A00073

Actives

## INCI

---

Water (and) Butylene Glycol (and) Pentylene Glycol (and) Sodium Chloride (and) Hydrolyzed Rhodophyceae Extract (and) Xanthan Gum

## Form of Delivery

---

Liquid
